HUMANA SIMPLICITY

For groups 1-50 Effective dates starting 1/1/20

PPO, NPOS, and HMO PLANS – With Simplicity, there is no in-network deductible to plan care around, and no coinsurance percentages to calculate. For healthcare services, members pay only a copayment when in-network providers are used, so they know exactly what they'll pay before they see a doctor, making it easier to prepare for any health need. In-network preventive services, such as annual exams and flu shots, are covered at 100%. All copayments, including prescription d rugs, count toward the out-of-pocket limit that helps protect members' total annual spending.

HDHP PLANS

PPO, NPOS, and HMO PLANS – HDHPs offer members lower monthly premiums in exchange for taking on more of the share of healthcare costs, which they can pay using spending accounts. All in-network preventive services, such as annual exams and flushots, are covered at 100% with no copayment. For all other in-network covered services, members pay until the deductible is met, then pay coinsurance. HDHPs are the only plans eligible for Health Savings Accounts (HSA), which use pre-tax dollars to give members more of their paycheck to put toward out-of-pocket costs, and can help save for high-cost events like surgeries. All out-of-pocket costs, including prescription drugs, count toward the individual and family deductible, as well as the out-of-pocket limit that helps protect members' total annual spending.
